NATIONAL COUNCIL OF ENGINEERING EXAMINERS

The Montana Board of Professional Engineers and Land Surveyors is a member of the National Council of Engineering Examiners. This organization was founded on November 8, 1920, and membership includes all fifty states, Canal Zone, Guam, Puerto Rico and the Virgin Islands.

The purpose of the council is to provide an organization through which state boards may act and counsel together to better discharge their responsibilities in regulating the practice of engineering and land surveying as it relates to the welfare of the public in safeguarding life, health and property, as follows:

1. Improvements in engineering and land surveying registration laws, their administration and effectiveness.

2. Uniformity of standards and practices in engineering and land surveying registration.

3. General acceptance of inter-board recognition of registration of engineers and land surveyors.

4. By defining and maintaining nationally recognized qualifications for professional engineering and land surveying registration.

Mrs. Lorraine Cauthern
Executive Secretary

CALL FOR THIS CARD

MONTANA BOARD OF
PROFESSIONAL ENGINEERS AND LAND SURVEYORS

THIS IS TO CERTIFY, That

having given satisfactory evidence of the necessary qualifications as required by the laws of the Legislative Assembly of the State of Montana, has been duly registered and hereby authorized to practice.

PROFESSIONAL ENGINEERING in the State of Montana

IN TESTIMONY WHEREOF, witness and signature of the Chairman and Secretary under Seal of the Board.

.....

Chairman Secretary

This Certificate of Registration will expire December 31, 1976, unless a renewal is issued in accordance with law.

OR

MONTANA BOARD OF
PROFESSIONAL ENGINEERS AND LAND SURVEYORS

THIS IS TO CERTIFY, That

having given satisfactory evidence of the necessary qualifications as required by the laws of teh Legislative Assembly of the State of Montana, has been duly registered and hereby authorized to practice.

LAND SURVEYING in the State of Montana.

IN TESTIMONY WHEREOF, witness and signature of the Chairman and Secretary under Seal of the Board.

.....

Chairman Secretary

This Certificate of Registration will expire December 31, 1976, unless a renewal is issued in accordance with law.

Individuals who have qualified to practice Professional Engineering or Land Surveying work have one. Some are qualified to practice both. Those who are not qualified do not have one and cannot get one.

The above card is your assurance that the Board has certified the recipient to be properly qualified.

TO ALL REGISTRANTS:

At a regular meeting of this Board held on March 27, 1974, the following motion was made and unanimously passed:

> "Whereas the preparation of an Environmental Impact Statement under both federal and state law almost invariably involves the practice of engineering as defined by Mont. R.C. 66-2349, The Board of Professional Engineers and Land Surveyors hereby advises that the public interest requires that the engineering aspects of an Environmental Statement be prepared by and under the direct supervision of a Registered Engineer, and bear his seal and signature."

In compliance with this resolution, Environmental Impact Statements must bear the seal and signature of the Registered Professional Engineer who prepared the engineering aspects of the Environmental Impact Statement, or of the Registered Professional Engineer under whose immeditate and responsible direction the Statement was prepared.

REMINDER

The Board wishes to remind all registrants that in accordance with Mont. R.C. 66-2363, (see page 15 of Roster) . . ." Plans, specifications, plats and reports prepared by a registrant, shall be stamped with the registrant's seal when filed with public authorities."

82A-1602.11 BOARD OF PROFESSIONAL ENGINEERS AND LAND SURVEYORS - APPOINTMENT - QUALIFICATIONS - REMOVAL - TERM. (1) There is a Board of Professional Engineers and Land Surveyors.

(2) The Board consists of seven (7) members appointed by the governor. The members are:

(a) Five (5) professional engineers who have been engaged in the practice of engineering for at least twelve (12) years, and who have been in responsible charge of engineering teaching, or important engineering work for at least five (5) years, and registered in Montana for at least five years. No more than two (2) of these members may be from the same branch of engineering.

(b) Two (2) registered and practicing land surveyors who have been engaged in the practice of land surveying for at least twelve (12) years, and who have been in responsible charge of land surveying or important land surveying work for at least five (5) years, and registered in Montana for at least five (5) years.

(3) Each member shall be a citizen of the United States, and a resident of this state. A member, after serving two (2) consecutive terms, shall not be reappointed for a period of two (2) years.

(4) Each member shall serve for a term of five (5) years. The governor may remove a member for misconduct, incompetency, neglect of duty, or for any other sufficient cause."

66-2349 REGISTRATION REQUIRED. That in order to safeguard life, health and property, and to promote the public welfare, any person in either public or private capacity, practicing or offering to practice engineering or land surveying, shall hereafter be required to submit evidence that he is qualified so to practice, and shall be registered as hereinafter provided; and from and after the first day of January, 1958, it shall be unlawful for any person to practice or to offer to practice in this state, engineering or land surveying, as defined in this act, or to use in connection with his name or otherwise assume, use or advertise any title or description tending to convey the impression that he is a professional engineer or a land surveyor, unless such person has been duly registered under the provisions of this act.

66-2350 DEFINITIONS. As used in this act:

(1) "Professional Engineer" means a person who, by reason of his special knowledge and use of the mathematical, physical and engineering sciences, and the principles and methods of engineering analysis and design, acquired by engineering education and engineering experience, is qualified to practice engineering, and who has been duly registered and licensed as a professional engineer by the Board.

(2) "Engineer-in-Training" means a person who complies with the requirements for education, experience, and character, and has passed an examination in the fundamental engineering subjects, as provided in this act.

(3) "Practice of engineering" means any service or creative work, the adequate performance of which requires engineering education, training, and experience, in the application of special knowledge of the mathematical, physical, and engineering sciences, to such services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems, planning the use of water, teaching of advanced engineering subjects, engineering surveys and the inspection of construction for the purpose of assuring compliance with drawings and specifications; any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects and industrial or consumer products or equipment of mechanical, electrical, hydraulic, pnuematic or thermal nature, insofar as they involve safeguarding life, health or property, and including such other professional services as may be necessary to the planning, progress and completion of any engineering services.

A person shall be construed to practice or offer to practice engineering, within the meaning and intent of this act, who practices any branch of the profession of engineering, or who, by verbal claim, sign, advertisement, letterhead, card, or in any other way represents himself to be a professional engineer, or through the use of some other title, implies that he is a professional engineer, or that he is registered under this act, or who holds himself out as able to perform, or who does perform any engineering service or work or any other service designated by the practitioner which is recognized as engineering. The term does not include the work ordinarily performed by persons who operate or maintain machinery or equipment, communication lines, signal circuits, electric power lines or pipelines.

(4) "Land Surveyor" means a person who (a) has been duly registered and licensed as a land surveyor by the Board, and (b) is a professional specialist in the technique of measuring land, educated in the basic principles of mathematics, related physical and applied sciences, and relevant requirements of law for adequate evidence and all requisites to the surveying of real property and engaged in the practice of land surveying as herein defined.

(5) "Land Surveyor-in-Training" means a person who has qualified for, taken, and passed an examination on the basic disciplines of land surveying as provided in this act.

(6) "Practice of Land Surveying" means any service or work, the adequate performance of which requires the application of knowledge of the principles of mathematics, physical sciences, applied sciences and

(a) the principles of property boundary law to the recovery and preservation of evidence pertaining to earlier land surveys;

(b) teaching of land surveying subjects;

(c) measurement and allocation of lines, angles, and elevations;

(d) location of natural and man-made features in the air, on the surface of the earth, within underground workings, and on the beds of bodies of water, including such work for the determination of areas and volumes;

(e) monumenting of property boundaries;

(f) platting and layout of lands and the subdivisions thereof, including the alignment and grades of streets and roads therein; and

(g) preparation and perpetuation of maps, plats, field note records, and property descriptions.

(7) "Board" means the Board of Professional Engineers and Land Surveyors.

(8) "Department" means the Department of Professional and Occupational Licensing.

(9) "Responsible charge" means direct control and personal supervision, either of engineering work or of land surveying, as the case may be. Only professional engineers or land surveyors may legally assume responsible charge under this act.

66-2351 BOARD - COMPENSATION - EXPENSES. Each member of the Board shall receive per diem when actually attending to the work of the Board or any of its committees and for the time spent in necessary travel. Such per diem shall be fixed by the Board in its sound discretion, but it shall not exceed twenty-five dollars ($25) per day. In addition thereto, each member shall be reimbursed for travel expenses as provided for in sections 59-538, 59-539, and 59-801, involved in carrying out the provisions of this act.

66-2352 BOARD - ORGANIZATION - MEETINGS. The Board shall hold a meeting within thirty days (30) after its members are first appointed, and thereafter shall hold at least two regular meetings each year. Special meetings shall be held at such time as the rules and regulations of the Board may provide. Notice of all meetings shall be given in such manner as the rules and regulations may provide. The Board shall elect annually the following officers: A Chairman, a vice-chairman, and a secretary. A quorum of the Board shall consist of not less than three (3) members.

66-2353 BOARD - POWERS. The Board shall have the power to adopt and amend all rules and regulations, and rules of procedure, not inconsistent with the constitution and laws of this state, which may be reasonably necessary for proper performance and its duties and the regulations of the proceedings before it. The Board shall adopt and have an official seal.

In carrying into effect the provisions of this act, the Board, under the hand of its chairman and the seal of the Board, may subpeona witnesses and compel their attendance, and also may require the production of books, papers, documents, etc. in a case involving the revocation of registration or practicing or offering to practice without registration. Any member of the Board may administer oaths of affirmations to witnesses appearing before the Board. If any person shall refuse to obey any subpoena so issued, or shall refuse to testify or produce any books, papers or documents, the Board may present its petition to the district court, setting forth the facts, and thereupon, such court shall in a proper case, issue its subpoena to such person, requiring his attendance before such authority, and there to testify or to produce such books, papers and documents, as may be deemed necessary and pertinent by the Board. Any person failing or refusing to obey the subpoena or order of the said court, may be proceeded against in the same manner as for refusal to obey any other subpoena or order of said court. The practice of engineering or land surveying as defined herein, without a license, is hereby declared to be a public nuisance.

66-2354 RECEIPTS - DISBURSEMENTS - ASSISTANTS. The department shall collect all moneys under this act, and shall deposit these moneys in the earmarked revenue fund for the use of the Board subject to section 82A-1603 (6).

66-2355 RECORDS - REPORTS - REGISTER. The department shall keep a record of its proceedings and a register of the Board's proceedings and a register of applicants for registration, which shall show (a) the name, age, and residence of each applicant; (b) the date of the application; (c) the place of business of the applicant; (d) his educational and other qualifications; (e) the branch or branches of engineering in which the applicant qualified; (f) whether an examination is required; (g) whether the applicant was rejected; (h) whether a certificate or registration was granted; (i) the date of the action of the Board; and (j) other information considered necessary by the Board.

The records of the department are prima facie evidence of the proceedings of the Board and a transcript thereof, certified by the department, is admissable in evidence as if the original were produced.

66-2356 ROSTER. A roster showing the names and addresses of registered professional engineers and registered land surveyors shall be published by the department during the month of April each year. Copies of this roster shall be mailed to each person registered, placed on file with the Secretary of State, the clerk of each incorporated city and town, and in the office of each county clerk and recorder within the state, and furnished to the public on request.

66-2357 REQUIREMENTS FOR REGISTRATION. The requirements for engineering and land surveying registration are:

(1) Engineering: To be eligible for admission to examination for professional engineer or Engineer-in-Training, an applicant must be of good character and reputation and submit five (5) references with his application for registration as a professional engineer, three (3) references shall be professional engineers with personal knowledge of his engineering experience, or in the case of an application for certification as an Engineer-in-Training, by three (3) character references.

The following is considered minimum evidence satisfactory to the Board that the applicant is qualified for registration as professional engineer, or for certification as an Engineer-in-Training, respectively:

(a) As a professional engineer:

(i) Registration by endorsement. A person holding a certificate of registration to engage in the practice of engineering, issued to him by a proper authority of a state, territory, or possession of the United States, the District of Columbia, or any foreign country, based on requirements that do not conflict with the provision of the act, and were of a standard not lower than that specified in the applicable registration act in effect in this state at the time the certificate was issued, may, upon application, be registered without further examination.

A person holding a certificate of qualification issued by the committee on national engineering certification of the National Council of Engineering Examiners, whose qualifications meet the requirements of this act, may upon application, be registered without further examination.

(ii) Engineering - Graduation - Experience - Examination. A graduate of an engineering curriculum of four (4) years or more, approved by the Board as being of satisfactory standing, and with a specific record of an additional four (4) years or more of progressive experience on engineering projects of a grade and character which indicates to the Board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the Fundamentals of Engineering, and an eight-hour written examination in the Principles and Practices of Engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(iii) Engineering - Related Graduation - Experience - Examination. A graduate of an engineering or related science curriculum of four (4) years or more, other than the ones approved by the Board as being of satisfactory standing and with a specific record of eight (8) years or more of progressive experience on engineering projects of a grade and character which indicates to the Board that the applicant may be competent to practice engineering,

may be admitted to an eight-hour written examination in the fundamentals of engineering, and an eight-hour written examination in the Principles and Practices of engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(iv) Long established practice. A graduate of an engineering or related science curriculum of four (4) years or more, with a specific record of twenty (20) years or more of progressive experience on engineering projects of which at least ten (10) years have been in charge of important engineering projects, and of a grade and character which indicates to the Board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the Principles and Practices of Engineering. Upon passing such examination, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(v) Temporary Qualifications. A specific record of eight (8) years or more experience in engineering work of a character satisfactory to the Board, and successfully passing a written or written and oral examination designated to show that the applicant is competent to practice engineering. This requirement will automatically expire four (4) years from the effective date of this act.

(vi) Engineering teaching in a college or university offering an approved engineering curriculum of four (4) years or more, may be considered as engineering experience in these requirements, provided research, product development, or consulting has been a concurrent activity.

(b) As an Engineer-in-Training. The following shall be considered as minimum evidence that the applicant is qualified for certification as an Engineer-in-Training:

(i) Graduation and Examination. A graduate of an engineering curriculum of four (4) years or more, approved by the Board as being of satisfactory standing, shall be admitted to an eight-hour written examination in the Fundamentals of Engineering. Upon passing such examination, the applicant shall be certified or enrolled as an Engineer-in-Training, if he is otherwise qualified.

(ii) Graduation - Experience - Examination. A graduate of an engineering or related science curriculum of four (4) years or more, other than the ones approved by the Board as being satisfactory standing, and with a specific record of four (4) or more years of progressive experience on engineering projects of a grade and character satisfactory to the Board, shall be admitted to an eight-hour written examination in the Fundamentals of Engineering. Upon passing such examination, the applicant shall be certified or enrolled as an Engineer-in-Training, if he is otherwise qualified.

(2) Land Surveying. To be eligible for admission to examination for land surveyor or Land Surveyor-in-Training, an applicant must be of good character and reputation, and shall submit five (5) references with his application for registration as a land surveyor, three (3) of which references shall be registered land surveyors having personal knowledge of his land surveying experience; or in the case of an application for certification as a Land Surveyor-in-Training, by three (3) references, one of whom shall be a registered Land Surveyor having personal knowledge of the applicant's land surveying experience.

The evaluation of a land surveyor applicant's qualifications involves a consideration of his education, technical, and land surveying experience, exhibits of land surveying projects of which he has been in charge, recommendations by references, and a reviewing of these categories. An interview may be held at the Board's discretion. Educational credit for institute courses, correspondence courses, etc. shall be determined by the Board.

One of the following shall be considered as minimum evidence to the Board that the applicant is qualified for registration as a land surveyor, or for certification as a Land Surveyor-in-Training, respectively:

(a) As a Land Surveyor:

(i) Graduation - Experience - Examination. Have a Bachelor of Science degree in an approved curriculum and present evidence satisfactory to the Board that, in addition thereto, he has had at least four (4) years of combined office and field experience in land surveying with a minimum of three (3) years of experience in charge of land surveying projects under the supervision of a registered land surveyor and who has passed the examinations as required by the Board.

(ii) Formal Education - Experience - Examination. Two (2) years of formal education in an approved curriculum above high school level with at least ninety (90) quarter credit hours passed, or equivalent semester hours, or the equivalent approved by the Board, and present evidence satisfactory to the Board that in addition thereto, he has had at least six (6) years of combined office and field experience in land surveying with a minimum of four (4) years of experience in charge of land surveying projects under the supervision of a registered land surveyor and who has passed the examinations as required by the Board.

(iii) Registration by Comity or Endorsement. A person holding a certificate of registration to engage in the practice of land surveying issued or comparable qualifications from a state, territory, or possesion of the United States, will be given comity consideration. However, he may be asked to take such examinations as the Board deems necessary to determine his qualifications, but in any event, he shall be required to pass a written examination of not less than eight hours' duration, which shall include questions on laws, procedures and practices pertaining to the practice of land surveying in this state.

(iv) Temporary qualifications. A specific record of six (6) years or more experience in land surveying work of a character satisfactory to the Board and indicating that the applicant is competent to practice land surveying, and successfully passing a written, or written and oral examination in land surveying prescribed by the Board. This requirement will automatically expire two years from the effective date of this act.

(b) As a Land Surveyor-in-Training:

(i) Graduation - Experience - Examination. Have a Bachelor of Science degree in an approved curriculum and present evidence satisfactory to the Board that he has had, in addition thereto, at least two (2) years of combined office and field experience in land surveying with a minimum of one (1) year in charge of land surveying projects under the supervision of a land surveyor, and who has passed the written examination required by the Board.

(ii) Formal education - Experience - Examination. Have at least two (2) years of formal education in an approved curriculum above high school level with at least ninety (90) quarter credit hours passed, or equivalent semester hours or the equivalent approved by the Board, and present evidence satisfactory to the Board that in addition thereto, he has had at least four (4) years of combined office and field experience in land surveying with a minimum of two (2) years in charge of land surveying projects under the supervision of a land surveyor, and who has passed the written examinations required by the Board.

66-2358 APPLICATION FOR REGISTRATION - Fees. (1) Applications for registration shall be on forms prescribed by the Board and furnished by the department, shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five (5) references, of whom three (3) or more shall be engineers or land surveyors having personal knowledge of his engineering or land surveying experience.

(2) The registration fee for professional engineers is fifty dollars ($50), thirty dollars ($30) of which shall accompany the application, the remaining twenty dollars ($20) to be paid on issuance of a certificate. When a certificate of qualification issued by the national bureau of engineering registration is accepted as evidence of qualification, the total fee for registration as professional engineer is thirty dollars ($30).

(3) The fee for engineer-in-training is twenty dollars ($20), which shall accompany the application and shall include the cost of examination and issuance of a certificate. When certification as an engineer-in-training by another state, or a territory or possession of the United States or country is accepted as evidence of qualification, the fee for engineer-in-training is ten dollars ($10). When registration as a professional engineer is completed by an Engineer-in-Training, an additional fee of twenty-five dollars ($25) shall be paid before issuance of a certificate as a Professional Engineer.

(4) The registration fee for land surveyors is fifty dollars ($50) which shall accompany the application. The fee for registration as both a professional engineer and land surveyor is seventy dollars ($70), fifty dollars ($50) of which shall accompany the application, the remaining twenty dollars ($20) to be paid on issuance of a certificate.

(5) If the Board denies issuance of a certificate of registration to any applicant the initial fee deposited shall be retained as an application fee.

66-2359 EXAMINATIONS. Examination requirements are as follows:

(1) The examinations shall be held at times and places as the Board directs. The Board shall determine the acceptable grade on examinations.

(2) Written examinations may be taken only after the applicant has met the other minimum requirements as given in section 66-2357 and has been approved by the Board for admission to the examination as follows:

(a) Engineering fundamentals. Consists of an eight hour examination on the Fundamentals of Engineering. Passing the examination qualifies the examinee for an Engineer-in-Training certificate, provided he has met all other requirements for certification required by this act.

(b) Principles — Practice of Engineering. Consists of an eight-hour examination on applied engineering. Passing this examination qualifies the examinee for registration as a Professional Engineer, provided he has met the other requirements for registration required by this act.

(c) Land Surveyor-in-Training. Consists of two (2) four-hour examinations designated as parts I and II, on the basic disciplines of land surveying. Passing these examinations qualifies the examinee for a land surveyor-in-training certificate, provided he has met all other requirements for certificates required by this act.

(d) Land Surveyor. Consists of being a Land Surveyor-in-Training and of two (2) four-hour examinations designated as parts III and IV, on the applied disciplines of land surveying. Passing these examinations qualifies the examinee for registration as a Land Surveyor, provided he has met the other requirements for registration required by this act.

(3) A candidate failing one examination may apply for re-examination which may be granted upon payment of a fee established by the Board. Before readmission to the examination in the event of a second failure, the examinee must appear before the Board with evidence of having acquired the necessary additional knowledge to qualify.

66-2360 CERTIFICATES OF REGISTRATION - SEAL. (1) The Department shall issue to any applicant who, in the opinion of the Board, has met the requirements of this act, a certificate of registration giving the registrant proper authority to practice his profession and to assume responsible charge of engineering or land surveying projects in the state. The certificate of registration for a Professional Engineer shall carry the designation "Professional Engineer", and for a land surveyor, "Land Surveyor". It shall give the full name of the registrant with his serial number and shall be signed by the chairman and the secretary under the Seal of the Board.

(2) This certificate shall be prima facie evidence that the person named thereon is entitled to all rights, privileges and responsibilities of a professional engineer or land surveyor, while the said certificate of registration remains unrevoked or unexpired.

(3) Each registrant hereunder may, upon registration, obtain a Seal of a design authorized by the Board, bearing the registrant's name, serial number, and the legend, "Professional Engineer" and/or "Land Surveyor".

Plans, specifications, plats and reports prepared by a registrant shall, when issued be certified, signed and stamped with the said seal or facsimile thereof. It shall be unlawful for a registrant to affix or permit his seal and signature or facsimile thereof to be affixed to any plans, specifications, plats or reports after the expiration of a certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provision of this act.

(4) The department shall issue to any applicant, who, in the opinion of the Board, has met the requirements of this act, an enrollment card as Engineer-in-Training or Land Surveyor-in-Training, which indicates that his name has been recorded as such in the Board office. The Engineer-in-Training or Land Surveyor-in-Training enrollment card does not authorize the holder to practice as a professional engineer or land surveyor.

66-2361 EXPIRATION - RENEWALS - FEE. Certificates of registration expire on December 31 and become invalid on that date unless renewed. The department shall notify every person registered under this act, of the date of the expiration of his certificate and the amount of the fee required for its renewal for one (1) year. This notice shall be mailed at least one (1) month in advance of the date of the expiration of the certificate. Renewal may be made during the month of December by the payment of a fee not to exceed twenty dollars ($20) as set by the Board for either a professional engineer or land surveyor or both. Failure on the part of a registrant to renew his certificate annually in the month of December does not deprive him of the right of renewal; however, a registrant who fails to pay the renewal fee for two (2) consecutive years shall be considered a new applicant and is required to submit a new application.

66-2362 PERSONS PRESENTLY REGISTERED AS PROFESSIONAL ENGINEER AND/OR LAND SURVEYOR. No person who heretofore has been duly registered as a professional engineer and/or land surveyor under the laws of Montana and whose registration has not been revoked shall be required to register again under this act, and his former registration shall be fully recognized under the provisions of this act. All certificates including those for engineer-in-training heretofore issued and not revoked shall have the same force and effect as if they had been issued under the provisions of this act, and shall be subject to the same rules, terms and conditions as are the certificates provided for in this act.

66-2363 PUBLIC WORKS. This state and its political subdivisions such as counties, cities, towns, townships, boroughs, or other political entities or legally constituted boards, commissions, or authorities, or officials or employees thereof shall not engage in the practice of engineering or land surveying involving either public or private property without the project being under the direct charge and supervision of a professional engineer for engineering projects, or land surveyor for all land surveying projects, as provided for the practice of the respective professions by this act.

This state and its political subdivisions such as counties, cities, towns, townships, boroughs or other political entities or legally constituted boards, commissions, or authorities, or officials or employees thereof shall not accept plans and specifications for public buildings, water systems and storage facilities, sewerage systems, waste water disposal projects, swimming pools, recreational facilities and similar type projects which may have a direct bearing on the public health and safety for approval unless they bear the seal of the professional engineer for engineering projects or the land surveyor for land surveying projects, or licensed architect for architectural projects, as provided for the practice of the respective professions by this act.

66-2364 REGISTRATION OF PERSONS REGISTERED BY OTHER STATES OR AUTHORITIES. The department, subject to approval by the Board, may, on application and payment of a fee of forty dollars ($40), issue a certificate of registration as a professional engineer to a person who holds a certificate of qualification or registration issued to him by the national bureau

of engineering registration, or a state, territory, or possession of the United States, or of a country, if the applicant's qualifications meet the requirements of this act and the rules of the Board.

66-2365 REVOCATION OF REGISTRATION - HEARINGS - REISSUANCE OF CERTIFICATE. (1) The Board may revoke, reprimand, suspend, or refuse to renew the certificate of a registrant found guilty of:

(a) Fraud or deceit in obtaining a certificate of registration.

(b) Gross negligence, incompetency, or misconduct in the practice of engineering or land surveying as a registered professional engineer or land surveyor.

(c) A felony.

(d) Violation of rules for professional conduct for professional engineers and land surveyors adopted by the Board.

(e) If a land surveyor, failure to comply with the Corner Recordation Act.

(2) Any person may make charges of fraud, deceit, gross negligence, incompetency, or misconduct against a registrant. The charges shall be made by affidavit, and subscribed and sworn to by the person making them, and filed with the department. Charges, unless dismissed by the Board as unfounded or trivial, shall be heard by the Board within three (3) months after the date on which they were made.

(3) The Board may require a registrant to take a written or oral examination, or both, in a proceeding to revoke, reprimand, suspend, or refuse to renew.

(4) If, after hearing four (4) or more members of the Board vote in favor of sustaining the charges, the Board shall reprimand, suspend, refuse to renew, or revoke the certificate of registration of the registered professional engineer or land surveyor.

The Board, for reasons it considers sufficient, may reissue a certificate of registration to a person whose certificate has been revoked if four (4) or more members of the Board vote in favor of the reissuance. A new certificate of registration, to replace a certificate revoked, lost, destroyed, or mutilated, may be issued by the department, subject to the rules of the Board.

66-2366 VIOLATIONS - PENALTIES - ENFORCEMENTS. A person who practices or offers to practice, engineering or land surveying in this state without being registered under this act, or a person presenting or attempting to use as his own the certificate of registration, or the seal of another, or a person who gives false or forged evidence to the Board or department, in obtaining a certificate of registration, or a person who falsely impersonates another registrant, or a person who attempts to use an expired or revoked certificate of registration, or a person who violates this act, is guilty of a misdemeanor, and shall, on conviction, be fined not less than one hundred dollars ($100), nor more than five hundred dollars ($500) or imprisonment for a period not exceeding three (3) months, or both.

All officers of the law of this state, or a political subdivision thereof, shall enforce this act and prosecute persons violating it. The attorney general shall act as a legal adviser of the Board and render legal assistance necessary in carrying out this chapter.

66-2367 EXEMPTION CLAUSE. The following are exempt from coverage under this act:

(1) The practice of any other legally recognized professions or trades.

(2) The mere execution of work by a contractor, as distinguished from its planning or design or the supervision of the construction of work as a foreman or superintendent.

(3) Employees and subordinates. The work of an employee or a subordinate of a person holding a certificate of registration under this act, or an employee of a person practicing lawfully under this act; provided such work does not include final engineering or land surveying, designs, or decisions, and is done under the direct supervision of a person holding a certificate of
